

OUR STRENGTH

CUSTOMIZED INDUSTRIAL SOLUTIONS

A TURNKEY SOLUTION :

- Qualified welded mechanical fabrication center
- Advanced machining and precision boring capabilities
- Dedicated assembly and integration center
- CMM & Romer arm
- Pressure testing capabilities
- Strong project management expertise

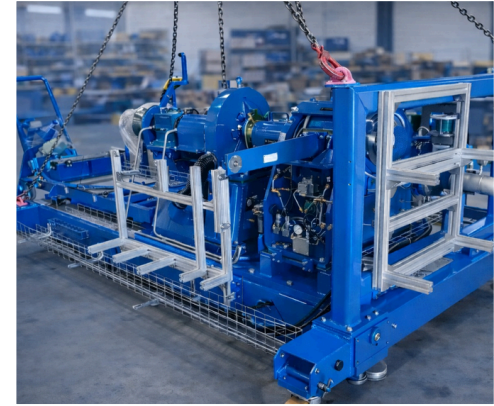

TEST BENCHES & STRUCTURAL FRAMES for aerospace applications

**A fully integrated solution for
customized industrial project**

Lifting capacity up to 160 tons

**CMM and pressure testing
capabilities**

**Qualified welded mechanical
fabrication center**
